

Marine Management Organisation

Non-Executive Chair

£110K (pro rata), 8 days per month

The Marine Management Organisation (MMO) was established in April 2010 to deliver key aspects of the Marine and Coastal Access Act 2009. It has ground-breaking responsibility for marine planning as well as delivering a wide range of marine management, including licensing, fisheries management and nature conservation.

The Chair of the MMO needs to care passionately about leading the delivery of the MMO's transformational plans around licensing, marine planning, stakeholder engagement, and sustainable development in accordance with Government priorities, the Marine Policy Statement and marine plans.

This is an extremely rewarding position for the right person. We need someone that has proved themselves at the highest level and understands what is needed to be successful

as a Non-Executive Chair. You will provide strategic vision and leadership and have the credibility to command respect and confidence at Ministerial level, as well as and across all sectors of the community with a diverse range of stakeholders, and will cope with the challenges ahead.

For more information in the first instance, visit our microsite www.leadthemmo.co.uk

For an informal, confidential discussion, please contact one of our advising consultants, **Michael Dobson** on **0203 137 3403**, or **Balvinder Sangha** on **0203 137 3453**.

Closing date for applications is Monday 21 February 2011.
